Important information - ARALDITE 2014-2 A/B 6X6X200ML

Dear valued customer,

With regret we need to inform that we are facing some issues in supplying ARALDITE 2014-2 A/B in 200ML cartridges.

Our internal reference and description are given below:

4016708 ARALDITE 2014-2 A/B 6X6X200ML BL1

The reason for this delay is that our cartridge's packaging supplier is currently in shortage.

A new cartridge supplier will be evaluated, in the frame of our internal Management of Change process.

Please be assured that we are giving this topic the highest priority and are making our best efforts to start production as soon as possible, unfortunately we cannot guarantee you an availability date.

We will update you as soon as possible to give you a clearer timing.

We apologize for any inconvenience we may have caused.

Should there be further clarification needed, please contact your usual sales representative.

Yours sincerely,

Huntsman Advanced Materials (Switzerland) GmbH
